She has reached out to them for updates to see if an extension is required or if we will be able to terminate the lease agreement with them. The project's counsel is following up but no response was received prior to today's meeting by Ms. Lais. No action will be taken at today's meeting. Ms. Lais will follow-up at the next regular Board meeting.

BBL Tribune: Project's PILOT has been completed as the project is ten years old. The IDA needs to deed back to BBL the property, terminating the lease agreement and provide a Bill of Sale of all contents that were transferred to the Agency. This resolution terminates the lease agreement and PILOT and authorizes the Chairman to transfer the property to BBL Tribune. A resolution was introduced by Mr. LaFiura and seconded by Mr. Ferguson. This will be deferred to the March meeting to ensure that the ten day notice requirement is met.

Land Crossing Agreement: Ms. Lais indicated that this is an agreement to cross over lands of the IDA by the logger, KB Logging, to perform work on neighboring properties. By roll call vote, the agreement was approved and carried.

Other Business:

Mr. O'Brien indicated that he had received notification that F.W. Wake, which is out of business in the Park, has a contaminated well. The contamination level is well above the limit. Mr. O'Brien will forward the letter on to the Agency and follow-up at the next meeting.

A question was raised by Mr. O'Brien as to how many members the Board consists of. Ms. Lais indicated that the Charter indicates ten (10) members. There are currently eight (8) members and in order to have a quorum and majority vote, there must be six (6) members to pass any Resolutions or to have a quorum. Warren County will need to find the agency two members to replace Harold Taylor and John Weber.

Mr. Leggett shared that he had been to the Park after the last meeting and reviewed the work being done by the logger. He was concerned about the amount of work that was being done, a clear-cut of the lands and the condition that it leaves the land in. Discussion needs to take place with Tom Jarrett at the next Executive Park Committee meeting for clarification.

Chairman Simpson shared that a potential project from Alltek Energy at 9 Carey Road had appeared before the Executive Committee at its last meeting. Mr. O'Connor was to prepare an application and submit to the Agency. Mrs. Blondo indicated that no application has been received to date.

Greenwich Preservation Group: Ms. Lais indicated that no further information has been received and that she will follow-up with the project's counsel.

Mr. O'Brien brought before the Board the concern and practice of the Agency regarding Solar Array projects and is this the type of project that the Agency would be considering.

Mr. O'Brien wanted to submit a formal Resolution thank Bud Taylor for his efforts and activities for the Agency. A motion was made by Mr. O'Brien and a seconded by Chairman Simpson approving this Resolution. The Board thanked Mr. Taylor for his service.
