Page 4 Item B.)

The Fort William Henry Corporation is hoping to create a 3 season porch all around the White Lion Room (from 1911) and the Tankard Tavern in the hotel. This will require an expansion in the kitchen that serves these two food service venues as well as a transition of the bar to a slightly different place in the Tankard Tavern. This will allow us to open a full time (when hotel is open) year round restaurant in the Tavern that will not be required to close for weddings and large events in the White Lion. These two facilities used the same kitchen. In addition we hope to renovate our outside wedding ceremony spot into an exquisite and elegant seating location on the lawn overlooking the lake. We will be emphasizing this one of a kind viewshed. This will allow for serving more locals as well as guests with a lake view while eating. The increase in these two venues business levels will support year round employment of at least 4 new positions that allows us to offer year round benefitted positions. We must finance a part of the upgrades as they price has gone up significantly with current market supply issues. We only have certain time of the year we can close to do renovations so the project is under review for pricing right now. We have not signed a contract yet. We expect to bring in at least an additional \$1,000,000 in food and beverage revenues once this renovation is complete.

~~The Agencies~~<sup>Agency's</sup> support is necessary to allow the project to be done in totality and completely. Assistance from the Agency will have a significant effect on the timeliness and speed of our ability to hire and produce revenues. We may have to revise the project without this support causing the need for the remaining renovations to be scheduled in the future. This reduces the guest satisfaction and our revenue capacity until we can complete the project as planned. Starting again next year to finish the full plan means a significant duplication of general conditions and closing the facility again. We must provide a full service restaurant to properly service our guests as a Resort hotel. This brings many guests to the area and benefits all local businesses. We are the location of two of the largest tourism events ~~in the~~<sup>in the</sup> area, Car Show and Americade. We need to keep supporting the community like this and having more flexibility in two large spaces being used allows us this flexibility. The kitchen is from the 1911 version of the hotel, with some updates. It will be nearly 50% larger. It will allow us to sprinker this 1911 building and upgrade areas for ADA support. We will save as much as possible in the original building while making these upgrades. Our history is important to us and the community. All this while serving our current employment base.
